Dear Hiring Manager,

I'm writing to express my interest to this Back End Laravel Internship Program. When i use some cool application, i wonder how this cool application can running and can manage all that data. That's why i'm so exciting with this program, i would like to learn and create another cool applications.

Previously, i held on internship at another company as Junior Back End Developer, working on web development project for their clients. During that internship, i had opportunity to learn Laravel Framework, PHP Native, and October CMS.

Currently majoring Sistem Informasi at Gunadarma University, besides my status as student, i'm a freelance Back End Developer with Laravel Framework. I've done many project with Laravel Framework, like personal projects or project with company. I hope with this program i can enhance my knowledge about Back End Laravel from what i've learned and give me the exposure to advance my career from this program.

I believe that my knowledge of Back End Laravel could be of interest to you. With the right opportunities and experience working with prominent clients, i can achieve my goals, and I hope that opportunities is come from you.

I would like to meet you and discuss the internship opportunities you have available. Please let me know if you have any question or would like to see specific work samples. You can reach me by phone at 082111768038 or by email at [hallo@akmalrifqi.id](mailto:hallo@akmalrifqi.id)

Thank you for your consideration.

Sincerely,

**M. Akmal Rifqi**
